

Light the **Fire** for Science!

Science Adventure Camp

Call for Volunteers

We need volunteers to help run a science week!

This will be a three day science camp June 26th – 28th at Bennett Park.

You can be involved in many ways – from one day to one week to beyond!

The goal of this event is a hands-on, fun experience for students entering 4th – 6th grades to get fired up about science. This will be our fifth year and we're trying to make it even bigger and better than last year!

Volunteers will help with hands-on science experiments, supervising students between sessions, registration, and lunch!

We need YOU!

Sign up to volunteer by contacting Mikayla Densmore at MDensmore@charlottemi.org

This event is being planned with the City of Charlotte, Eaton Conservation District, Eaton County Resource Recovery, and numerous dedicated teachers and science lovers!
